

THE ULTIMATE IN TACTICAL, REACTIVE AND JUDGMENTAL TRAINING

LASER AMMO

TRAINING TECHNOLOGIES

LAW ENFORCEMENT Professional Solutions

Laser Ammo provides the most complete combination of decision-making shooting simulator, the Smokeless Range, full sized reactive CQB Targets, and force on force Shot Body System. Paired with our recoiled-enabled pistols and rifles, as well as our custom shot box system, you obtain the same stress, adrenaline and emotions law enforcement may encounter on the streets. Designed to be completely portable and affordable, this system is the most diverse on the market. Fully scalable for your training needs, and combined with world-class customer and tech support, this system will exceed your demands and expectations for years to come.
